## DOC FRIULI

*Denominazione di origine controllata*

**Variety:** Cabernet

**Production zone:** DOC Friuli

**Vintage:** 2021

**Alcohol:** 13 %

**Yield:** 6500 kilos per hectare

**Maturation:** 12 months  
in 30hl oak vats

With thinning, we select only a few bunches per plant, and with leaf removal, we expose them to the sun to achieve perfect ripeness.

After harvesting, the grapes ferment in stainless steel tanks and then mature for 12 months in 30-hectoliter oak barrels. It has an intense aroma, with notes of red fruits and spicy nuances. On the palate, it is fresh, smooth, and highly drinkable.

This is a versatile wine, easy to pair with cured meats, meat-based first courses, game, and grilled meats.

The label evokes the flowers of our land, cultivated with the utmost respect for the biodiversity of the natural environment.
